

Dear Colleagues,

We are delighted to invite you to partner with us for the 2026 Annual Conference of the Council for Northeast Historical Archaeology (CNEHA), which will be held in the beautiful city of Saint-Jean-sur-Richelieu (QC) from **October 8 to 11, 2026**.

Under the theme **Archaeology & Resistance**, this year's conference will offer a critical exploration of how resistance is practiced, remembered, erased, and reactivated through archaeological research. Situated near the Canada–U.S. border, Saint-Jean-sur-Richelieu provides a compelling setting for these discussions—its forts, frontiers, and waterways reflecting a long history of power, conflict, negotiation, and control that continues to resonate today.

The organizing committee is seeking your support and partnership to help make this event a resounding success. The conference will bring together approximately 150-200 professionals from across the northeastern United States, the Atlantic provinces, Quebec, and Ontario, representing a wide range of backgrounds and perspectives.

CNEHA is distinguished by the diversity of its membership, which includes archaeologists and heritage professionals from academic institutions, private firms, museums, government agencies, and the student community. This diversity fosters meaningful exchange, interdisciplinary dialogue, and strong professional networks.

The success of the conference depends in large part on the generosity and engagement of our partners. Enclosed, you will find a partnership plan outlining the various opportunities available to support the event. We believe that your organization would benefit from valuable visibility among this diverse and engaged audience, as well as from the opportunity to connect with professionals from across the region and beyond.

We would be honored to count you among our partners for CNEHA 2026 and would be pleased to discuss how this collaboration can be mutually beneficial. We look forward to hearing from you.

On behalf of the organizing committee, please accept our warmest regards.

Sincerely,

The CNEHA 2026 Organizing Committee
